Respected Sir,

NSS is a voluntary association of young students in colleges which provides services to society without bias. It aims to inculcate social welfare in students, and through the community services, it really helps in building their personality.

NSS volunteer works for providing help in natural and man-made disasters by supplying food, clothing and first aid to the disaster victims, arranges blood donation camps to fulfill shortage of blood requirement in hospitals, tree plantation to protect environment and save mother earth, cleanliness moments for hygiene and healthy life, road safety awareness campaigns to reduce road accidents, street plays and awareness campaigns for save a girl child and educate her.

During NSS Special camps, a volunteer learn from people in villages how to lead a good life despite a scarcity of resources, develops a sense of social responsibility and gets the practical lessons of value education.

With the experiences from NSS, I am sure that all volunteers will learn how to lead a life of dignity with positive mind set and contributes to the growth of nation by some or other way.

It gives me immense pleasure in giving this letter of appreciation to you.
